OUTDOOR LIVING AT ITS FINEST

A collective of designers and craftsmen with a passion for all things alfresco. Our team has over 25 years experience in landscape design and construction, fabrication, product design and sourcing – We are ProFresco.

Offering a uniquely fresh and professional approach to outdoor living space for our clients. We work alongside homeowners, architects and developers to create luxury outdoor entertaining areas.

Specialising in outdoor kitchens, bars, dining and relaxation areas within our all-weather pergola system provides the ultimate outdoor room. We also provide a full landscape design and project management service.

So, whether it's a city roof garden, suburban terrace or rural mansion we will draw on our years of landscape design, construction and product knowledge to deliver an alfresco space that you will be proud of for many years to come.

Today, we bring you the best of what we have learnt over the years. Seven contemporary, durable and stylish kitchens in a choice of colours. No expensive design work or architect drawings are required to achieve timeless style of a ProFresco kitchen.

 ProFresco

PROFRESKO SIGNATURE 4 TRIO

Our revolutionary framing systems allow us to install a great outdoor kitchen faster and more easily without the complexities and hassles of traditional joinery or building methods.

Package features a BeefEater Signature S3000 4 burner barbecue and is available with cast iron or cast stainless cook pack. In addition to a 120 litre outdoor fridge, the kitchen also includes double drawers, double doors and a granite work top.

Hardwearing and timeless beauty of 20mm black granite. Alternative surfaces are available upon request.
